

WELCOME TO DEVIL'S BOWL SPEEDWAY

Sprint Car Hall of Fame promoter Lanny and Beverly Edwards celebrate their 36th Year of promoting the Southwest's most famous dirt track. Devil's Bowl continues it's tradition as an innovator in bringing affordable auto racing entertainment to Texas race fans. Every Saturday night from mid March into October. Devil's Bowl features five exciting classes of race cars and several special events with the ASCS Outlaw Sprints. The staff of Devil's Bowl Speedway hopes you have an enjoyable time and wants to thank you for supporting local racing and looks forward to seeing you each and every race night

LATE MODELS

The late models are shop built race cars and some of the fastest on the track today. These cars are limited to a 362 cubic inch engine burning methanol for fuel. The Late Models have some of the closest door to door racing of any class. These cars as well as all others at Devil's Bowl have a full roll cage and are equipped with some of the finest safety equipment available today. Darren Ellis was your 2007 & 2008 Late Model Champion.

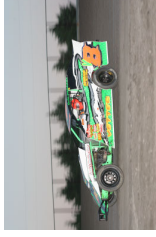

SUPER SPRINTS

Sprint cars are the most demanding race car on any track in America today. Successfully racing a sprint car requires a perfect setup, careful planning and lightning fast reactions. Devil's Bowl is the home of sprint car racing in Texas. The sprinters have a 16 square foot top wing, and a hard compound right rear tire. These work together to minimize the impact of different horsepower among the competing cars. Methanol (alcohol) is the fuel. As these cars charge around the track, they reach speeds up to 130 m.p.h. Safety features include five point belts to keep the driver firmly in position, helmets, padded roll cage bars, firesuits and arm restraints. Martin Edwards claimed his first Devils Bowl Super Sprint Championship in 2008.

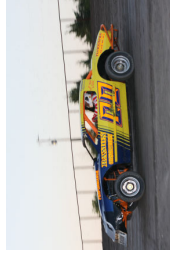

USA LIMITED MODIFIED

New to Devil's Bowl in 2007 this class didn't disappoint as an exciting class. The cars appear in look's almost identical to the USA Modified's but with major engine and chassis difference. These cars have the same frame only with near stock suspension and engines. These cars have to run a near stock hydraulic camshaft and must pull 12" of vacuum at 1200 RPM's. Robert Vetter was your 2008 Devil's Bowl Limited Modified Champion.

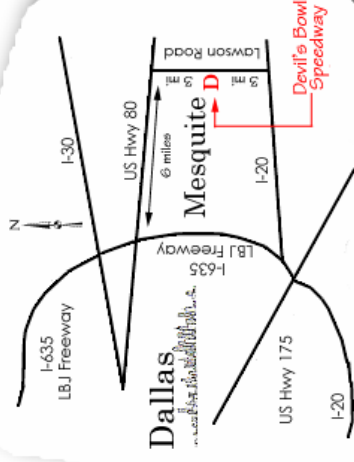

STREET STOCKS

With what started as an every day driver for some, these cars are transformed into what we call World Class Street Stocks. As an entry level class, all glass, chrome, trim and interior must be removed. Then fitted with a 4 point roll cage and require safety equipment. These cars are limited to a 368 cubic inch flat top piston engine that came in the make and model car and can burn pump gas or a higher octane racing fuel. These cars travel around the Devil's Bowl at speeds averaging 70 m.p.h. in fierce wheel to wheel competition. Harry Hronas was your Street Stock Champion in 2008

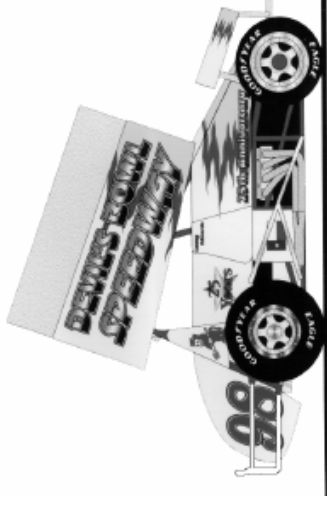

Devil's Bowl Speedway
1711 Lawson Road
Mesquite, TX 75181
(972) 222-2421

To reach Devil's Bowl Speedway, take US Highway 80 east of Mesquite to the Lawson Road exit (six miles east of the I-635 interchange). The speedway is three miles south on Lawson Road.

ASCS O'Reilly Outlaw Sprint Cars

The American Sprint Car Series brings the best sprint car drivers from Texas and surrounding states to Devil's Bowl. This 362 cubic inch engine sprint car has become the standard across the nation. These cars race five times during the 2009 season at Devil's Bowl. They headline the season opening 36th Spring Nationals on March 20 & 21.

The ASCS sprint return for the Summer Nationals on June 11th. We have two exciting shootout's scheduled this year. The Sooner Region vs. the Lone Star Region, Sat. May 9th and the Sooner Region vs. the Gulf South Region, Sat., Aug. 18th.

The ASCS cars also headline the season's finale, O'Reilly 36th Annual Winter Nationals, Oct 16 & 17...

Devil's Bowl

Devil's Bowl is a high banked half-mile oval with a tacky clay surface. The facility is unique with a D shaped track, the curve on the back straight is eight feet higher than the front straight. This provides fans in the 10,000 grandstand seats with an unobstructed view of the entire track.

Over 1,000 reserved seats are located at the finish line. Another 1,500 upper deck reserved seats are available for special events. On a nightly or season basis, six air-conditioned suites on the third floor of the judges tower can be rented. Each suite can accommodate up to ten people. An additional suite for larger groups up to 30 guests is available on the fourth floor.

Devil's Bowl features some of the finest concession stand food found at any race track in America. Souvenirs of your racing evening are available, along with specially designed Devil's Bowl and special event tee-shirts, sweat shirts and jackets. Devil's Bowl has an exciting selection of limited edition collectable sprint cars and other racing models on sale. Photographs and video tapes of racing action at the speedway are also available.
